DOG STOLE PAPERS.

Detroit Boy Who Had Canine Well

DETROIT, Nov. 25, - Residents of Warren avenue, Theodore, Farnsworth, and Frederick streets, in the vicinity of Antoine and Beaubin streets, have been exceedingly trate for several weeks over the regular disappearance of their Sunday morning papers left on front steps. The newspaper offices were notified, and every inquiry made, but the carriers insisted that the papers were delivered by them all right, so complaint was laid at police headquarters, and patroimen on the beat were notified to keep watch. The papers continued to be missing, however, so one indignant citizen on Theodore street, near Antoine, decided to give up his Sunday morning nap and do a little Sherlock Holmes work himself.

He made arrangements with the newspaper carrier to ring the doorbell when delivering the paper Sunday morning until answered. Then, leaving the paper on the steps, the householder took his place of vantage in the bay window, concealed behind lace curtains. the carriers Insisted that the papers

window, concealed behind lace curtains. He waited fully an hour before a boy about 14 years old, accompanied by a

little cocker spaniel, appeared.

The boy remained on the corner, spoke to the dog, and the animal trotted off obediently straight for the doorways of the terrace in which Mr. Irate Citizen lived. The spaniel pattered up the steps of the house next door, only to be sent back again, this time to find his way up the right steps. Just as he had taken the paper firmly in his mouth, Mr. Citizen quietly opened the door, grabbed the dog, got him in the vestibule and shut the door. Standing there, Mr. Citizen waited for the boy who, of course, strolled cautiously along when the dog failed to return. Then Mr. Citizen jumped out and called to the boy, who took to his beels, but after a merry sprint was overhauled.
